

## "MISSIONARIES" AT HOME

You may not be able to travel far and wide to share the gospel. God, however, has brought the mission field to your doorsteps—people fleeing wars and natural disasters, students enrolled at your local university, business men and women or immigrants looking for a better life.

Why not speak the most wonderful sermon of your life by showing grace to someone you've never met before? God's love changes hearts. As it often happens, the "foreigner in your land" will return home and become a missionary to their own people.

It is our calling, as children of God, to love our "neighbors", to evangelize them and to make them into disciples of Jesus. It is **not an option** or something we do from time to time, it is part of **THE GREAT MISSION**.

## OUR PASSION

We extend a helping hand to foreigners in our nation, including refugees, students, visitors, businessmen, and workers. Our aim is to provide assistance in any way possible and to demonstrate unwavering love, with the hope that they may experience and come to know the profound love of God.

*He defends  
the cause of  
the fatherless  
and the widow,  
and loves  
the foreigner  
residing  
among you.*

— DEUTERONOMY 10:18 (NIV)

YOUR FRIENDS IN  
**ROMANIA**

For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in. (MATTHEW 25:35, NIV)
